## Virtual Through Webinar

### Why Virtual?

As per the WHO & health experts guild lines, it is not safe to start large gatherings. Bringing many people together in close contact for a long period still poses the highest risk for people who have not been vaccinated. Considering the travel restrictions & public safety, the management of Fratanmeetings have decided to hold the conference in an online portal. Please remember the basics of good hygiene cover your mouth and nose with your bent elbow or tissue when you cough or sneeze clean and disinfect surfaces frequently especially those which are regularly touched, such as door handles, faucets, and phone screens. Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water. avoid touching your eyes, nose, and mouth.
