

IMPADDR-2024

International Meet on

# Pharmaceutics and Drug delivery Research

# International Conference on Pharmaceuticals and Drug Delivery Research

Dates: Oct-24-25, 2024 Location: Dubai

## About the Conference:

Fratun Meetings extends you the enormous pleasure and the honor of inviting you to attend **Global Meet on Pharmaceuticals and Drug Delivery Research (IMPADDR-2024)** which will be held during 25-26, October 2024. The theme of the event is “Exploring Various researches happening all over the world on various drugs”. The main intention behind the IMPADDR-2024 is to bring together renowned doctors, scientists, researchers, and scholars from all over the world to exchange their ideas, present sophisticated research works, and discuss the latest advancements in the field of Neurology and Mental Disorders.

## Key Themes:

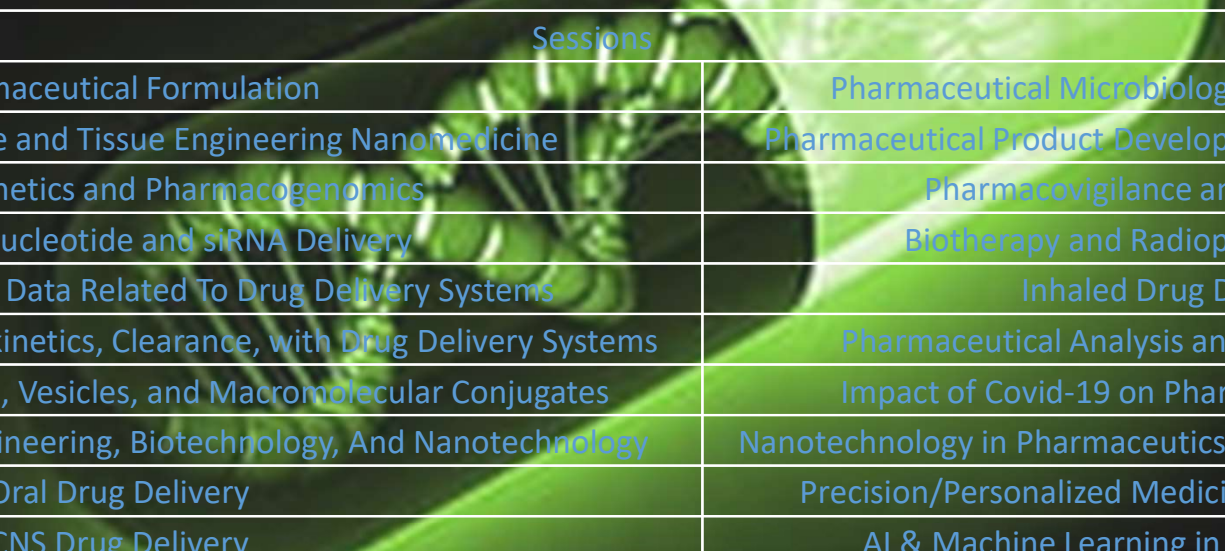

- Innovations in Drug Formulation
- Drug Delivery Technologies
- Biopharmaceutical Sciences
- Regulatory Affairs in Pharma

## What to Expect:

- **Expert Speakers:** Learn from leading researchers and industry experts.
- **Interactive Workshops:** Engage in hands-on sessions for practical insights.
- **Networking Opportunities:** Connect with professionals from around the world.

## Conference sessions:

Sessions	
Pharmaceutical Formulation	Pharmaceutical Microbiology and Biotechnology
Regenerative Medicine and Tissue Engineering Nanomedicine	Pharmaceutical Product Development and Manufacturing
Pharmacogenetics and Pharmacogenomics	Pharmacovigilance and Drug Safety
DNA, Oligonucleotide and siRNA Delivery	Biotherapy and Radiopharmaceuticals
Preclinical and Clinical Data Related To Drug Delivery Systems	Inhaled Drug Delivery
Drug Distribution, Pharmacokinetics, Clearance, with Drug Delivery Systems	Pharmaceutical Analysis and Quality Assurance
Microcapsules, Liposomes, Vesicles, and Macromolecular Conjugates	Impact of Covid-19 on Pharmaceutical Industry
Pharmaceutical Process, Engineering, Biotechnology, And Nanotechnology	Nanotechnology in Pharmaceutics and Drug Delivery Systems
Oral Drug Delivery	Precision/Personalized Medicine and Specialty Drugs
CNS Drug Delivery	AI & Machine Learning in Pharma Industries
Respiratory Drug Delivery	Virtual Healthcare & Pharmaceuticals
Pharmacokinetic Analysis	Adverse Drug Reactions & Case Studies
Technological and Methodological Advances in Drug Delivery	Pharmacognosy & Ethnobotany
Novel Developments In Drug Delivery System	Gene Therapy & Mrna Vaccine Technology
Cellular Targeting and Intracellular Delivery	Psychiatry Drugs
